Governor Clement Grants Immediate Pardon To Former Gov. Graham

Just two hours after the Vermont Supreme Court had Thursday sentenced Horace F. Graham, former State Auditor and Governor, to serve not less than five years and not more than eight years of hard labor in the State Prison at Windsor for embezzlement, which has been endured, I feel that he has been punished enough, and have issued to him a full pardon.

Gov. Graham made no statement last night except to express satisfaction as to the outcome of the case, and while he was in the custody of the sheriff for the brief period before his pardon he never left Montpelier.

Gov. Clement's action is generally commended throughout the state.

Father of Three Children Writes From Panama Canal Zone

Balboa, Canal Zone. A father of three children writes: "Will you kindly send me by mail two boxes of your Dr. True's Elixir. I cannot buy it here in Panama, and don't care to without it in the house, because I have three children, and this Elixir is the best family remedy I ever used. When one of the children isn't feeling right, I give him a dose of Dr. True's Elixir and he comes out hale and hearty in the morning. Our children have showed no signs of illness since they have taken the Elixir. Last summer one of our boys was very sick—but one small bottle of your Elixir fixed him in fine shape." F. H. Purinton.

The prescription, Dr. True's Elixir the Family Laxative and Worm Expeller has done wonders for sick people, men, women and children. No harmful drugs—works quickly and effectively.
